Start the new year right. Don't continue to pay rent. Unless you make a beginning you will never have a home. Look around among your friends and see how many of them there are who have paid out hundreds of dollars in rents, and have nothing to show for it except the receipts from the owner. Why not be the owner yourself and try that awhile? It does not pay to procrastinate for at the end of the year you will find that a substantial sum of YOUR MONEY is gone and you will have only spent what might have represented a profitable saving. You can purchase an eight room modern home with hardwood finish and cabinet mantels with every convenience in a desirable locality for
